The Rigai method

You learned about the Rigai method in the previous video. Here it's a question of using this for the benefit of you and your team to create, determine your purpose.

The seven asking questions of the Rigai model are to be taken down on three sheets for you and your team in the attached PDF. Go through each question and finish by looking for centers.

Are there themes that appear in all four circles of the Rigai model? Then print out the basis for formulating your purpose. Have fun with that!
